Mr. Jeff Harris
Treasurer Ivy Corp.

Dear Jeff:

Here are the affidavids for January and February. Most of the ads still have to be run and we will be running quite a few ads on top of each other.

There are about ten weeks left before we go off the air and we still have 482 ads to run to fulfill the contract. This means we will run about 48 ads per week, or about two hundred ads per month. This is about twice the number of ads we are supposed to run. I hope this is acceptable and that nobody looks at those affidavids very closely.

Just a reminder that you deducted about eight dollars in penalties for Columbia ads we never were supposed to run.

I did not put any scheduled times on those affidavids because I did not ever make a schedule. We played them roughly twice an hour.

I'm not sure that the program director wants to run the Bud, but I'm all for it and I expect that it will not be hard to convince him. I'll send the contract in quickly this time.

Sincerely,

William Hutchins
